

Amendments to the Claims: This listing of claims will replace all prior versions, and listings, of claims in the application

Listing of Claims:

31.

32. (Previously Presented) An optical disk comprising:

a data zone for recording information readable by light radiation;

a track of spiral shape; and

a barcode pattern formed by a laser on said track.

33.

33. (Previously Presented) A method of manufacturing an optical disk comprising the steps of:

forming a track of spiral shape on a substrate of the optical disk; and

forming a barcode pattern by a laser on the track.
